Full-Stack Developer

---

## Summary

Detail-oriented **Full Stack Developer** (Fresher) with practical experience in building responsive web applications. Proficient in front-end and back-end technologies including React, Node.js, Express, and MongoDB/MySQL. Experienced in designing user interfaces, developing and deploying web projects using platforms like GitHub and Netlify. Strong grasp of computer science fundamentals such as data structures, OOP, and operating systems. Quick to adapt and committed to delivering efficient, user-focused digital solutions.

---

## Skills

- **Languages:** C++, Java, JavaScript, SQL.
  - **Frontend and Backend:** HTML, CSS, React.js, TailwindCSS, Node.js, Express.js, PHP.
  - **Databases:** MongoDB, MySQL.
  - **Tools & Platforms:** GitHub, VS Code, Netlify, IntelliJ IDEA
  - **Coursework:** Data Structures and Algorithms, OOP, Operating Systems, Computer Networks.
- 

## Internship and Summer Training

### Web Programming using React (Chandigarh University)

May/2024- July/2024

- Built cloning website and responsive user interfaces using **React.js**.
- Also build a mini project, an Instagram clone (built using HTML, CSS, JavaScript, and React).

### Industrial Training in Java (Verma Institute)

July/2022– August/2022

- **Key Skills:** Core Java, OOP, JDBC.
  - Gained hands-on experience in **Java programming** and its application in real-world projects.
  - Developed **object-oriented applications** using **classes, inheritance, polymorphism, and encapsulation**.
- 

## Projects

### Quiz APP Master

- **Tech Stack:** Java, IntelliJ IDEA.
- **Description:** Designed an interactive GUI with Java's **Swing/AWT** for a user-friendly experience.

### Personal Finance Assistance [🔗](#)

- **Tech Stack:** Node.js, React, Supabase, TailwindCSS.
- **Description:** Developed a full-stack web application for **personal finance management**, enabling users to enhance financial awareness and improve **expense tracking efficiency**.

### Online Banking System

- **Tech Stack:** PHP, MySQL, Notepad++.
  - **Description:** Developed a full-stack web application for **Banking online management**, implementing **user authentication** with secure login and registration.
- 

## Education

### B.Tech in Information Technology

Chandigarh University

Mohali, Punjab

(Pursuing) | CGPA: 7.8

### Diploma in Information Technology

Government Polytechnic

Kashipur, Uttarakhand

06/2020 - 06/2023 | CGPA: 8.0

---

## Certificates and Achievements

- Participate in Flipkart Grid 6.0 **Software development** Track by Flipkart.
  - **Skill development** from the IFCA Verma Institute of Computer Training.
  - Represented at the **national level** in Football and secured a **gold** medal.
  - Led **teams** to deliver multiple projects successfully.
  - Complete ReactJS course by Infosys SpringBoard.
- 

## Interpersonal Skills

Team Collaboration | Problem Solving | Critical Thinking | Leadership | Strong Communication
